

2016 MAZDA CX-3

Does Driving Matter?

*Does a long, winding road or an empty freeway
on Christmas morning matter if the car you're in
doesn't take advantage of the moment?*

*Does safety, technology, efficiency or even beauty matter,
if a car doesn't feel right in your hands?*

If you build Mazdas, driving is what matters most.

*That's why everything we do has one purpose...
to make driving better.*

Like creating safety technology that inspires confidence.

*Engine technology that makes our cars and SUVs
more fuel-efficient, responsive.*

And sticky in the turns.

*With designs that capture motion,
even when the car isn't moving.*

What's better than a great driving car?

A car company that won't build anything less.

MAZDA. Driving Matters™

*SOMEWHERE BETWEEN
POINT A AND POINT B.*

WELCOME TO A NEW POINT OF VIEW.

Leave conventional thinking, preconceived notions and even the beaten path behind. This is the start of something new. Meet the Mazda CX-3. This capable compact crossover is designed to elevate your view so you can navigate the urban jungle with confidence—all in bold KODO: “Soul of Motion” styling. And when you’re ready to leave city life behind, you can explore new terrain with an available i-ACTIV AWD™ all-wheel drive system. In a vehicle built on the premise that driving matters, life is no longer about getting from Point A to Point B, but experiencing all the adventures in between.

Mazda CX-3 Grand Touring shown in Ceramic Metallic

*CAN STUNNING DESIGN INSPIRE
CONFIDENCE BEHIND THE WHEEL?*

YES.

The CX-3 is a study in striking, yet well-balanced design proportions. From available machined 18-inch aluminum alloy wheels and rich door contours to exceptionally short overhangs and blacked-out D-pillars, everything about the CX-3's overall form makes it appear strong and firmly

planted to the ground. It's the essence of our dynamic KODO design expression: simple lines that express energy in motion, even at a standstill. Once again, the CX-3 proves that you don't have to be oversized to make a big impression.

魂動

KODO: SOUL of MOTION

^
KODO: "Soul of Motion." Energy in motion. Power in motion. It's the inspiration behind the design of every Mazda vehicle. Created to transform ordinary sheet metal into something that embodies the vitality of a living being, KODO exudes the power and elegance of a wild animal in the instant before it pounces on its prey.

“In this segment, it looks like the CX-3 could just be your best bet.”

- autoweek.com, May 2015

Mazda CX-3 Grand Touring AWD shown in Soul Red Metallic

*WE USED HIGH-END MINIMALIST DESIGN
TO MAXIMIZE INTERIOR COMFORT.*

Information Provided by:

Inside, a radically new design sensibility expresses the CX-3's unique character. Our designers combined colors and fabrics in unexpected ways to create a feeling of sporty refinement. Handle bezels are designed in a sharp futuristic form. On select models, carefully crafted lines of stitching throughout the cabin, from the seats and armrests to the center section,

create a feeling that's solid and rich. And on Grand Touring models, soft piping forms a stylish accent between the leather seats and Lux Suede® center section. Everywhere you look, clean lines and modern design help eliminate distraction, so you can focus on what matters most—driving.

Mazda CX-3 Grand Touring interior shown in Parchment leather

THERE'S GETTING AROUND. AND THEN THERE'S DRIVING.

In the versatile CX-3, you never know where you might end up. Fortunately, it's built with SKYACTIV®-Chassis and SKYACTIV-Body technologies specifically designed to meet the unique demands of a compact crossover. Ready for adventure, the CX-3's suspension system is carefully tuned to the driver to minimize excess body movement and maximize control, so you can enjoy a smoother drive, regardless of terrain. A spirited SKYACTIV-G 2.0-liter, 146 horsepower engine delivers powerful, linear acceleration and abundant torque in diverse situations, from urban roadways to remote byways. And, the 6-speed SKYACTIV-Drive automatic transmission features Sport Mode, which gives you a feeling of extra power, thanks to a more performance-oriented shifting pattern that holds lower gears longer to keep you higher on the power curve.

Mazda CX-3 Grand Touring AWD shown in Soul Red Metallic

SKYACTIV[®] TECHNOLOGY

When driving matters, excellent fuel efficiency never comes at the cost of performance. So of course, our driving-obsessed engineers found a way to enhance both. It's called SKYACTIV TECHNOLOGY.

PERFORMANCE + EFFICIENCY

Every aspect of the Mazda CX-3, from its body construction and engine technology to its chassis and transmission, is engineered to maximize its driving dynamics. And minimize carbon footprint. SKYACTIV TECHNOLOGY is one of the reasons why Mazda vehicles offer a better overall driving experience with equally impressive EPA-estimated MPG ratings.

UP TO AN EPA-ESTIMATED
35 HWY
MPG¹

¹Based on EPA estimates for 2016 Mazda CX-3 FWD models with 2.0L engine and automatic transmission 29 city/35 highway MPG. Actual results will vary.

CAN PREDICTABILITY MAKE YOU FEEL MORE SPONTANEOUS?

It can in the CX-3, thanks to our new available i-ACTIV AWD all-wheel drive system. Designed to help you stay focused on driving enjoyment, it uses Active Torque Control Coupling technology to automatically apportion power to the front and rear wheels in accordance with the condition of the road surface and data from your vehicle.

i-ACTIV AWD™

The system works by actively monitoring and forecasting the CX-3's operating conditions. Everything from the outside temperature and windshield wiper use, to your accelerating and braking patterns, is used to predict when AWD might be needed to deliver ideal traction before the wheels slip, providing a greater feeling of control and confidence on the road.

THE COAST IS CLEAR.

You don't have to drive in inclement weather to benefit from the CX-3's available i-ACTIV AWD all-wheel drive system. Even while coasting down a winding hill or simply making a sharp turn, the system can help stabilize the CX-3 and improve its overall road grip. That's because the Active Torque Control Coupling technology works behind the scenes, automatically sensing changes in steering effort, and distributing torque more evenly to help you stay on your intended path. Seamlessly.

CHANGE YOUR PERSPECTIVE ON DRIVING. LITERALLY.

The moment you sit down in the CX-3, you're elevated in a driver-centric cabin that's higher than a standard car, designed to expand your visibility of the world around you. On the dash, you'll see futuristic-looking analog dials and a 7-inch full-color display screen. The center console is equipped with a convenient Commander control that allows you to navigate through a multitude of infotainment options. Because driving matters, we carefully thought of every detail to make your CX-3 feel like a second home—and driving feel like second nature.

OUR ENGINEERS CONSIDER YOUR DRIVING EXPERIENCE FROM HEAD TO TOE.

We believe driving enjoyment is in the details. That's why we put special care into engineering the features you might not think about, but make a big impact behind the wheel. Like the CX-3's available Active Driving Display. By projecting critical driving information directly within your line of sight, it helps you process information faster by keeping your eyes focused on one place—the road ahead.

At your feet, even the CX-3's most basic features, like foot pedals, are engineered to make driving effortless and enjoyable. Symmetrically placed to align with the driver's centerline, each pedal is specifically designed for easier and more precise control and stability—all to help eliminate foot fatigue on longer drives.

**SMALL DETAILS MAKE
A BIG DIFFERENCE.**

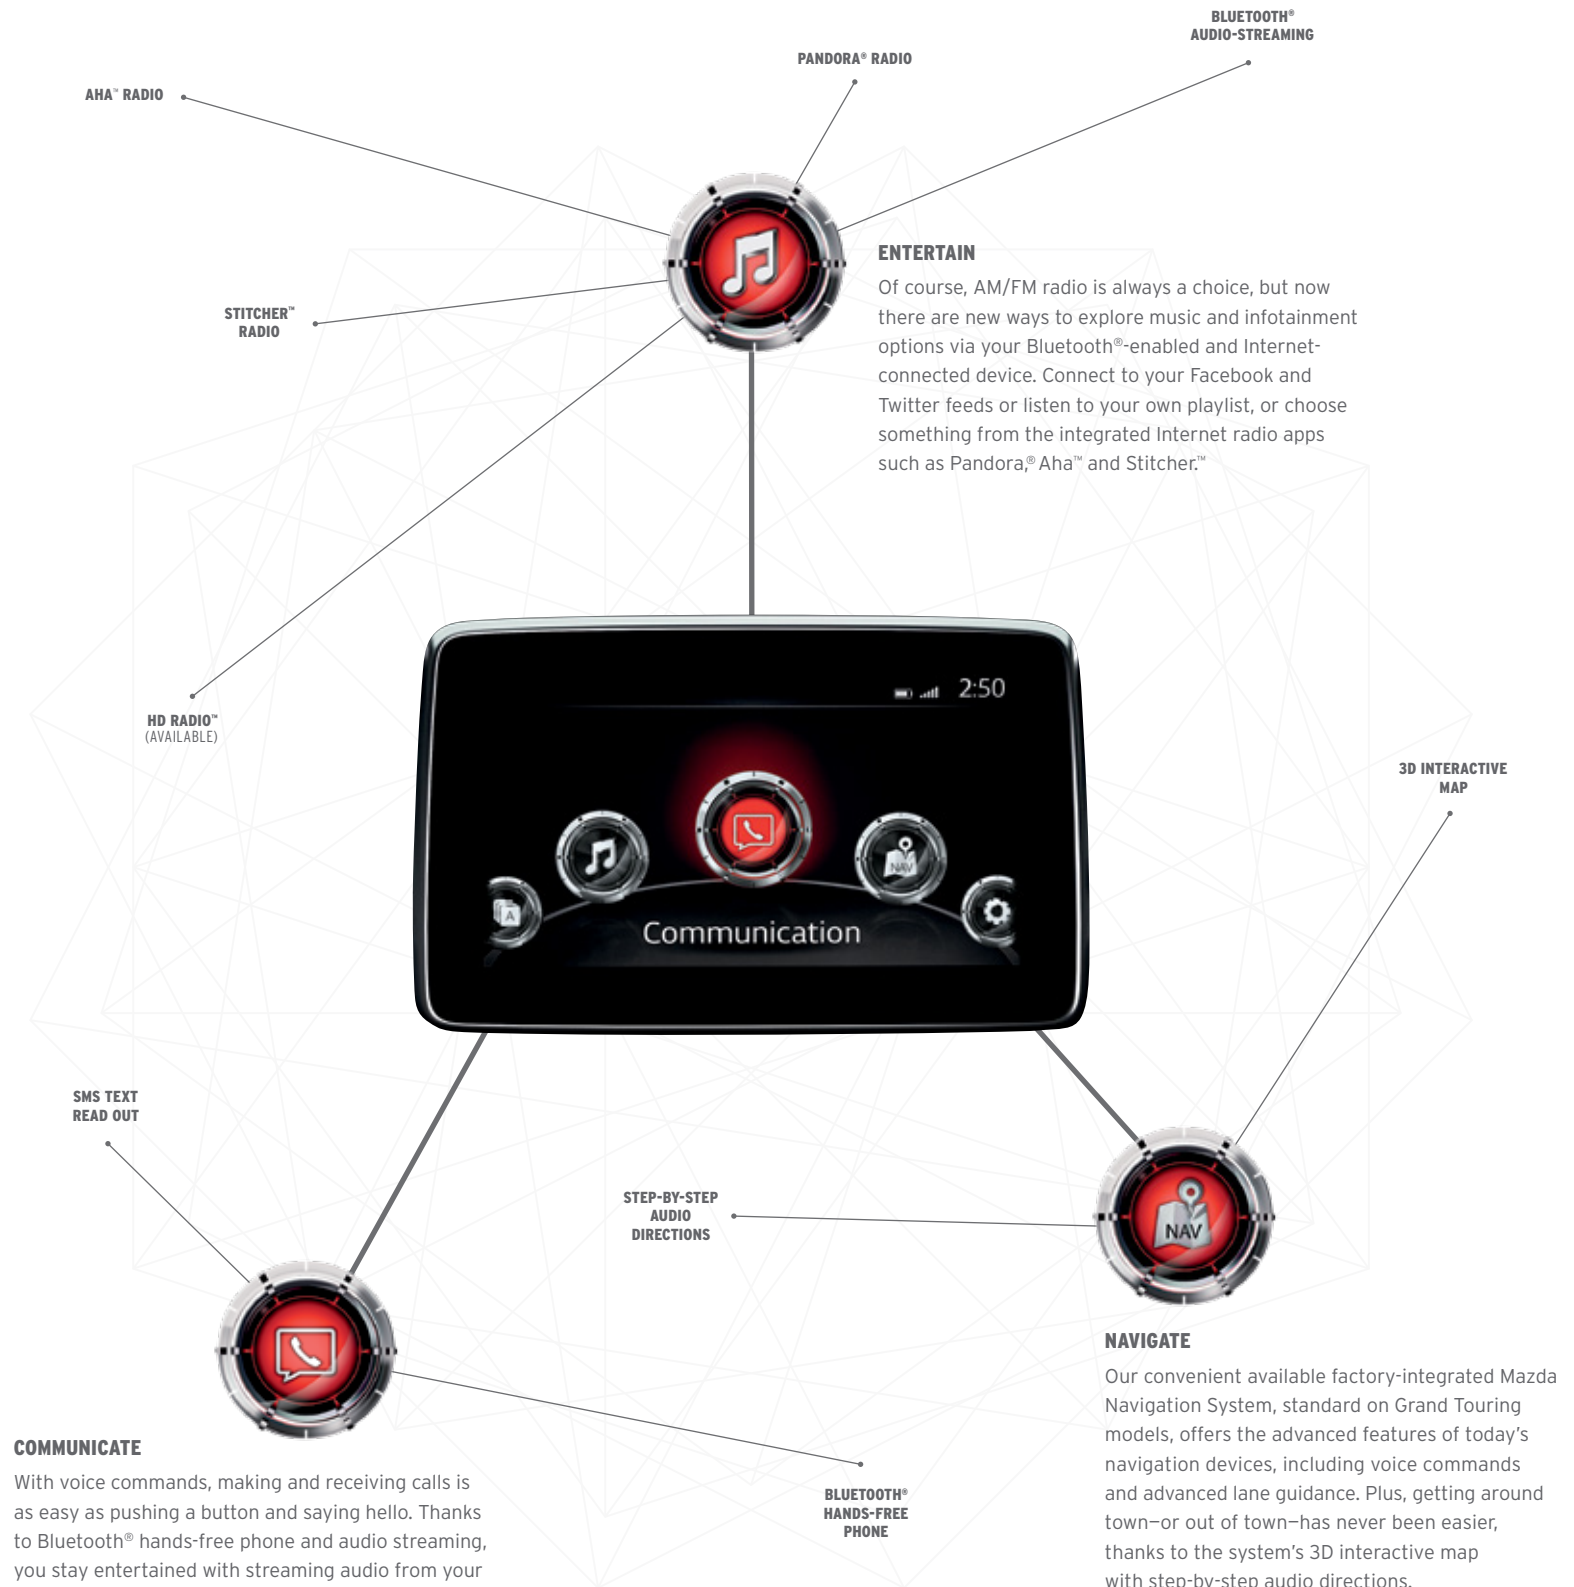

MAKE A GETAWAY WITHOUT MISSING A THING.

When driving is in your DNA, you build cars that can go the distance without distraction. That's the thinking behind our MAZDA CONNECT™ infotainment system! Standard on every CX-3, it provides information, entertainment and connection to the outside world. Just use the

multifunction Commander control on the center console to navigate the multitude of functions displayed on the 7-inch full-color touch-screen display. It's impressive technology that keeps you in close touch, even when you're far away.

*Don't drive while distracted. Even with voice commands, only use MAZDA CONNECT™ / other devices when safe. Some features may be locked out while the vehicle is in gear. Not all features are compatible with all phones. Message and data rates may apply.

SAFETY MATTERS.

We think your Mazda CX-3 should be a relaxing, safe haven where you can escape from a hectic world. To make this simple concept a reality, it took a suite of complex technologies—all designed to provide you with the ultimate sense of awareness and connectedness. i-ACTIVSENSE safety innovations employ sophisticated technologies like lasers and radar to literally give you a sixth sense for safety by helping to alert you to hazards before they happen. It's another way Mazda helps you focus on what matters: driving.

1 HIGH BEAM CONTROL

Available High Beam Control helps the driver see better at night by maximizing opportunities to use the high beams. The system automatically switches to low beams when it detects oncoming traffic and/or a vehicle ahead.

4 LED HEADLIGHTS WITH ADAPTIVE FRONT-LIGHTING SYSTEM

The CX-3 offers available LED headlights with Mazda's Adaptive Front-lighting System. These headlights are specifically designed to help you see around corners at night. As you turn into a corner, the headlights pivot up to 15 degrees in the direction of your turn, improving visibility and allowing you to spot potential hazards and dangers ahead.

7 SMART BRAKE SUPPORT⁴

Similar to Smart City Brake Support, this system is intended to help avoid or reduce the severity of a collision, but operates at higher rates of speed (above 10 mph) like freeway driving. The Collision Warning feature will alert the driver that braking is immediately necessary. If the radar sensor determines that a collision is unavoidable, the automatic brake control will engage.

2 REAR CROSS TRAFFIC ALERT¹

When backing up, this available feature detects a vehicle approaching from the side and promptly alerts the driver with an audible warning, as well as a visual warning in either side mirror and the 7" display screen.

5 ADVANCED BLIND SPOT MONITORING¹

This available system uses radar sensors to detect objects in your left or right blind spots, and then alerts you with a warning light that appears in the corresponding side mirror. If you signal a lane change while an object is there, the light blinks and a cabin warning chime sounds. And prior to a lane change made with the turn signal on, the system warns of fast-approaching vehicles that may enter a blind spot unexpectedly.

8 DISTANCE RECOGNITION SUPPORT SYSTEM²

Monitoring the distance between you and traffic ahead just got easier. At speeds above 19 mph, our available Distance Recognition Support System uses radar technology to measure the distance between your CX-3 and the vehicle ahead and indicates a recommended following distance. If your vehicle encroaches on this recommended distance, a visual warning shows in the CX-3's information display.

3 LANE DEPARTURE WARNING SYSTEM²

This available system gives audible and visual warnings when the vehicle is about to unintentionally depart from its lane at a speed of 44 mph or higher.

6 SMART CITY BRAKE SUPPORT³

City driving offers its own treacherous obstacle courses. In order to help avoid or reduce the severity of a collision, the CX-3 offers an available Smart City Brake Support system. When traveling at speeds between about 2 and 18 mph, this intuitive system detects objects ahead and prepares the vehicle by adjusting brake pads closer to the disc. If no driver action is taken, the system automatically applies the brakes.

i-ACTIVSENSE

Not to scale.

¹Always check your mirrors. Be aware of the traffic around you. ²Lane Departure Warning System and Distance Recognition Support System are not substitutes for safe and attentive driving. There are limitations to the range and detection of the systems. Please see your owner's manual for further details. ³Smart City Brake Support operates under certain low-speed conditions between about 2 and 18 mph. It is not a substitute for safe and attentive driving. Factors including movement and shape of the object in front of the vehicle, weather and road conditions can all impact automatic stopping. ⁴Smart Brake Support operates under certain conditions above 10 mph. It is not a substitute for safe and attentive driving. Factors including movement and shape of the object in front of the vehicle, weather and road conditions can all impact automatic brake control and collision warning.

Mazda CX-3 Grand Touring interior shown in Parchment leather

WITH MORE SPACE INSIDE, YOU CAN DO MORE OUTSIDE.

What you can do in life depends on your options. And with the CX-3, you have plenty of them. Starting with 60/40 split fold-flat seatbacks that transform your compact 5-seat passenger vehicle into a roomy open cabin with up to 44.5 cubic feet of flexible cargo space! That's enough

room for a dozen dachshunds, 48 soccer ball dog toys, 6 bags of dog food, a hundred Frisbees and a million adventures. In a CX-3, driving becomes more than just getting to your destination, but about taking advantage of unexpected journeys along the way.

*Please remember to properly secure all cargo.

MAZDA CX-3 ACCESSORIES. IT'S YOUR MAZDA—MAKE IT YOUR OWN.

For a full list of Genuine Mazda Accessories for your CX-3, please visit Accessories.MazdaUSA.com.

NAVIGATION SYSTEM

This convenient system integrates with your car's display screen to offer advanced lane guidance and a 3D interactive map. Plus, it can be controlled by voice commands.

MAZDA MOBILE START¹

Did you lock your car or not? Know for sure with the convenience of our smartphone-controlled Mazda Mobile Start App. Lock or unlock your doors, start the engine, turn on the rear defroster or use the Carfinder function from just about anywhere. One-year subscription included.

AUTO-DIMMING REARVIEW MIRROR WITH COMPASS AND HOMELINK[®]

With HomeLink[®] you can program your garage door, entry gates and security lights to operate at the touch of a button. And the smart mirror system automatically adjusts to reduce glare from headlights behind you.

REAR PARKING SENSORS²

Mounted discreetly within the bumper, the Rear Parking Sensors notify the driver of obstructions behind the vehicle using an alarm sound.

SIDE WINDOW DEFLECTORS

Looking for a quieter driving environment? These deflectors help reduce wind noise and keep inclement weather outside while you let fresh air in (set of 4).

ALLOY PEDALS

Step up the look of your CX-3. Our high-quality aluminum Alloy Pedals give your car a sporty, more powerful appearance.

COLLAPSIBLE CARGO CARRIER³

You've got a lot more to do than shop for groceries. This roomy carrier helps you pack in plenty of supplies, then lifts out and folds away flat to free up cargo space for your next errand.

¹One-year subscription included. Continuation is \$65 per year. App available on iPhone[®] and Android[™] phones. Check www.mazdamobilestart.com for compatibility. Not compatible with all phones and carriers. Message and data rates may apply. iPhone is a registered trademark of Apple Inc. Android is a trademark of Google Inc. ²Always check your mirrors and surroundings. ³Please remember to properly secure all cargo.

Mazda
DRIVE FOR GOOD

Last year during our Mazda Drive for Good® charitable program, our Mazda Dealers and partners raised millions of dollars for a number of national and local charities. But what's even more significant is that collectively, we pledged more than 66,000 hours of volunteer time to local and national organizations across the country. Our Mazda Dealers have a long history of giving back both time and money to their own communities. And their efforts truly define our Mazda values.

Mazda Drive for Good® is just one of the many charitable programs that has allowed Mazda to donate millions to worthy causes across the United States since 1992.

Because giving back is the Mazda Way.

*WE KNOW YOUR FIRST
IMPRESSION OF MAZDA
STARTS WITH US,
YOUR MAZDA DEALER.*

It's a responsibility we don't take lightly.

It's why we work hard every day to make sure your customer service experience exceeds your expectations, in every way.

From the factory to your first test drive,

and to every drive you'll ever make in a Mazda,

we're here because driving matters.
