# Philosophy

**Our cars are state of the art.  
And made to measure.**

Exclusivity. Individuality. Craftsmanship. Concepts which have always been associated with Porsche.

Porsche Exclusive stands for the individual customisation of your vehicle, direct from the factory. You tell us what you want and we will do our utmost to give it to you – provided, of course, that it is technically feasible and does not compromise quality.

When customising a car, it is not enough just to use the best available materials. Our overriding principle has always been to make full use of the traditional skills of our craftsmen, carrying out the work by hand. Our specialists also have long years of experience in the hand-crafting of decorative hardwoods or lightweight, highly durable carbon, enabling us to bring out the individual character of these superb materials.

Personalised refinements to the interior and exterior are not the only options we offer. If you would like to make your Cayenne a little sportier, for example with the sports exhaust system, you can rest assured that your Porsche is in good hands.

Material composition: leather, carbon and painted exterior finish

## Exclusive examples

**Vehicle: Porsche.**

**Details: Porsche Exclusive.**

A Porsche is more than just a car. It is also an expression of the personal freedom, taste and lifestyle of its driver.

'Porsche Exclusive' offers you a wide range of individual extras so you can customise your car to your own unique requirements. Visual and technical enhancements for the interior and exterior. And always just as you want them.

The most important extra, though, is time. For it is only by taking the utmost care during the consultancy, planning and processing phases that it is possible to create something really special. Something which is exactly tailor-made to your requirements – down to the finest detail. Something unique. With its own unique character. A Porsche which is as special as its driver.

The following pages will show you five examples of Exclusive personalisations – be inspired!

Find out more about how to design your own special Porsche on page 48. The captions under each picture describe the Exclusive options illustrated.

Sand White

**Errands first, leisure time second?**  
**Why not have the best of both worlds?**

This Porsche offers excellent dynamics, agility and lots of space. It also leaves room for your own interpretation of 'sport'. With the extended exterior package painted in a black high-gloss finish and the interior package with a Sand White painted finish, the Cayenne S in Sand White may just be an example, but it's an example par excellence. # Materials

**Exceptional, extravagant,  
exquisite, excellent, exact.**

**In a word: Exclusive.**

We can offer an exclusive range of colours and materials for you to choose from when designing your new Porsche. Selected Exclusive options are, for example, available in leather, a natural material that can be dyed a variety of colours, enabling you to create attractive

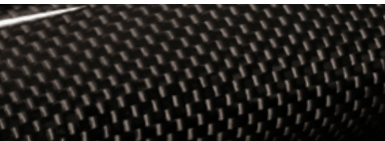

contrasts inside your Cayenne. In addition to leather, we offer fine woods<sup>1)</sup> and carbon to enhance the interior. You can find out what is possible at your Porsche Centre. Or contact the Porsche Exclusive Customer Centre in Zuffenhausen

directly for an individual consultation (see page 48).

## Leather

Leather is a traditional natural material – a true classic. Items made of leather are both timeless and hardwearing.

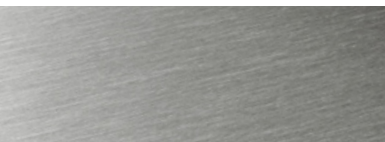

## Carbon

Carbon is a light but highly durable material which has its origins in motor racing. Its high-tech look gives a sporty feel to the interior.

## Stainless steel

Stainless steel is an especially pure material, and it looks absolutely first class.

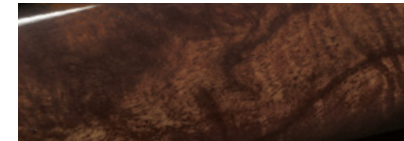

## Aluminium

Aluminium sets clear accents and emphasises a no-frills sporting approach.

## Burr walnut<sup>1)</sup>

A classic, high-quality dark wood with a unique and appealing grain.

## Anthracite birch<sup>1)</sup>

This anthracite-coloured birchwood has an attractive wavy grain, an impressive dual-tone effect and a silky sheen.

## Natural olive<sup>1)</sup>

A high-quality ash wood with an olive grain and a silky matt sheen, giving a combination of elegance, individuality and luxury.

## Yachting Mahogany<sup>1)</sup>

Inspired by the construction of exclusive yachts, mahogany is a fine, dark wood. Light maple inserts provide a stylish contrast.

## Exclusive expertise

### When was the last time your dream became reality?

A philosophy of thinking laterally and pursuing different routes is undoubtedly what has led Porsche in a very special direction: an exclusive one. Towards small-scale production and special editions which commenced at the beginning of the 1980s with the 935 Street and which continue to this day. At the heart of it all is the Porsche 'personalisation programme' which has been known since 1986 as Porsche Exclusive.

Information Provided by:  
**DEALER**  
E-PROCESS

The 25th anniversary of Porsche Exclusive sees us continuing that tradition of small-scale production with a vehicle which yet again shows you just what we're capable of. A vehicle that takes us back to where the dream began – to the first Porsche, in fact, the Porsche 356. Hence, the limited number of 356 and the name of the vehicle: the 911 Speedster.

The 911 Speedster may well be a limited edition, but your dreams know no limits. We do everything possible to fulfil your wishes. To make your Porsche even more exclusive and exactly how you imagined it to be. We're even happy to include extras featured on the 911 Speedster. So whether your preference is for a PDK gear selector/handbrake lever in aluminium, black painted mirror attachment point finishers and exterior mirror lower trims, or door sill guards with personalised logo, almost anything is possible.

This is how we continue to create unique vehicles. And make dreams come true. Perhaps even yours one day soon.

# Designing your Porsche

## Porsche Exclusive – What else is exclusive to each and every car? Exclusive advice.
