

THE 2011 CTS SPORT SEDAN AND SPORT WAGON

Information Provided by:
DEALER

10-speaker Bose® 5.1 surround sound system with Centerpoint® signal processing and AudioPilot® noise compensation is available.

UltraView sunroof, with power tilt and slide panel, express-open and power sunshade is available, and brings the open air to both driver and passengers.

Rearview camera, an available option, is viewable via an LCD screen in the rearview mirror, or on the navigation screen, when equipped.

THE CTS SPORT SEDAN

19" Summer Tire Performance Package¹ option adds 19" polished wheels, steering wheel-mounted paddle shift controls,² Y-rated summer-only³ performance tires, performance cooling and enhancements to suspension and brakes.

Adaptive Forward Lighting, an available feature, uses sensors to read speed and steering angle, and swivels high-intensity headlamps up to 15° to follow direction of travel.

The CTS Sport Sedan blends driving dynamics, performance and technology in a way that satisfies enthusiasts and luxury-seekers alike. A performance-oriented rear- or available all-wheel drive vehicle with seating for five. Its engine is an efficient, direct-injected 3.0L V6, with a 304hp 3.6L direct injection V6 optional. A 6-speed transmission, available in manual or automatic, emphasizes performance. And Nürburgring®-tuned suspension enhancements integrate with ABS brakes and StabiliTrak electronic stability control to improve vehicle balance.

¹ Requires RWD.

² Requires automatic transmission.

³ Summer tires tend to wear faster and are more susceptible to damage from road hazards or curb impact than standard profile tires. This type of damage is not covered by the GM New Vehicle Limited Warranty. You may want to get different tires if you expect to drive in winter conditions. See your dealer for proper tire selection.

Rear- or available all-wheel drive combines with a Hydra-Matic 6-speed automatic transmission.

Rear cargo capacity is a generous 58 cu ft with rear seats folded flat. And a power liftgate with memory height allows rear hatch opening to be preset.

THE CTS SPORT WAGON

StabiliTrak Electronic Stability Control System and traction control enhance the suspension geometry of the CTS Sport Wagon.

Engines, two are offered, a 270hp 3.0L direct injection V6 or an available direct-injected 3.6L V6 that delivers 304hp.

The Sport Wagon applies the sleek shape of CTS design to a high-performance wagon. Vertical taillamps extend along the tailgate. Integrated roof rails maintain a seamless profile. Rear seats fold flat, increasing cargo space to 58 cubic feet. Floor rails are fitted with attachment points for tie-downs. Also included is an under-floor cargo storage compartment. A useful power liftgate offers memory height positioning. Altogether, the CTS Sport Wagon offers rear- or available all-wheel drive sport handling, a luxurious interior, and versatile cargo capability in one complete package.

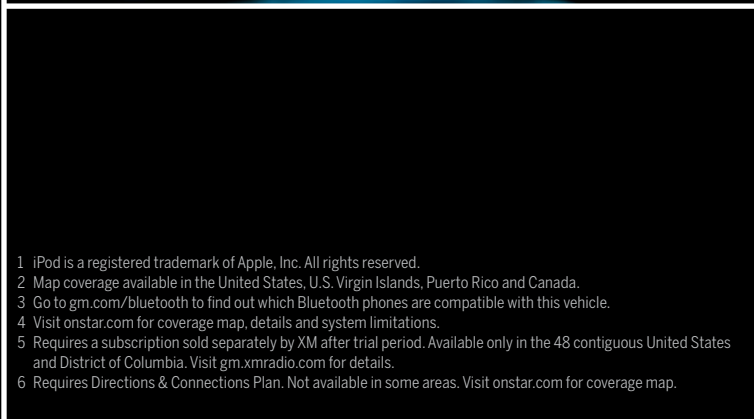

USB and auxiliary audio jacks are available to enable iPod¹ playlists to appear on the radio display. Operate via easy on-screen access or steering wheel-mounted controls.

THE CTS INTERIOR

Inside the CTS, excitement aligns with purpose. Motorcycle-inspired gauges with a Driver Information Center that displays vehicle running data. Features include available glide-up touch screen navigation,² Bluetooth[®] phone connectivity,³ Bose[®] 5.1 surround sound system and a hard drive for music storage. Standard for one year, OnStar⁴ Directions & Connections Plan offers available Destination Download and eNav. Three trial months of XM Radio⁵ are also included. French-stitched leather seating surfaces, Sapele wood trim, keyless start, ambient lighting and a heated steering wheel are available.

Ambient lighting, an available feature, uses recessed LED lighting to bring illumination to key areas like door pulls, gearshift, instrument panel and center console.

Glide-up touch screen navigation² system, an available feature, incorporates Bose[®] 5.1 surround sound, full iPod¹ integration, a hard drive for music storage, and pause-and-play live radio.

OnStar⁴ eNav enables you to send Google Maps[™]⁶ or MapQuest[®]⁶ destinations to your CTS and access them anytime.

Destination Download, an available feature, helps you get directions by pushing the OnStar button and telling an Advisor where you want to go. OnStar sends the destination to your navigation² system, if equipped.

¹ iPod is a registered trademark of Apple, Inc. All rights reserved.

² Map coverage available in the United States, U.S. Virgin Islands, Puerto Rico and Canada.

³ Go to gm.com/bluetooth to find out which Bluetooth phones are compatible with this vehicle.

⁴ Visit onstar.com for coverage map, details and system limitations.

⁵ Requires a subscription sold separately by XM after trial period. Available only in the 48 contiguous United States and District of Columbia. Visit gm.xmradio.com for details.

⁶ Requires Directions & Connections Plan. Not available in some areas. Visit onstar.com for coverage map.

Eaton-supercharged and intercooled 6.2-liter 16-valve V8 generates 556hp and 551 lb-ft of torque, builds power quickly at low end, and sustains at high speeds.

Oversized Brembo® high-performance multi-piston calipers with massive co-cast vented rotors.

Nürburgring®-tuned RWD platform – control arm front, multi-link back – with limited slip differential and ZF Servotronic® 2¹ speed-sensitive, variable-ratio power steering.

Dual-mode Magnetic Ride Control adjusts suspension stiffness in milliseconds, enhances ride quality and balance in tour mode, adds razor-sharp turn-in and improved steering response in sport mode.

THE CTS-V SEDAN

High-powered, tight-handling, track-tuned, the CTS-V is the world's fastest production sedan, with a 0–60 time of 3.9 seconds. Powered by a 556hp supercharged 6.2L V8. Performance handling is assured by a track-tuned suspension, independent at all wheels, with revolutionary driver-selectable dual-mode Magnetic Ride Control shock damping. Brembo® disc brakes – 6-piston in front, 4-piston in rear – bring massive stopping power. The CTS-V Sedan has turned a 7:59.32 lap time on the Nürburgring®.

¹ Servotronic is a registered trademark of ZF Lenksysteme GmbH.

Perforated and sueded microfiber seat inserts help keep you planted during performance driving, while available sueded microfiber steering wheel and shift knob help with control.

Manual transmission is a TREMEC® aluminum alloy TR-6060 6-speed gearbox with short-throw shifter and dual-disc clutch.

6-speed automatic transmission is available with torque converter clutch, performance shifting and clutchless manual operation using steering wheel-mounted paddle shift controls.

The g-meter, positioned in the Driver Information Center measures lateral acceleration and remembers maximum lateral acceleration left and right. LED tracers communicate vehicle performance information quickly and clearly.

Obsidian black faceplates on the center stack, and available Midnight Sapele wood trim, add technical sophistication to the cockpit.

THE CTS-V INTERIOR

RECARO performance seating, offering 14-way adjustable pneumatic bolster controls that provide firm back and thigh support for driver and front-seat passenger, is available.

The CTS-V cockpit is as much about control as it is about driver engagement. There's luxury and refinement enough to satisfy pleasure-seekers, but the real function of this cabin is guiding a very powerful machine. LED-traced gauges that flash as redline is approached, full dash instrumentation and a TREMEC® 6-speed manual shifter put the driver in control of this performance command center.

V-Series performance, powered by a 6.2L 556hp supercharged V8, combines with dramatic CTS Sport Wagon design.

Driver-selectable dual-mode Magnetic Ride Control delivers daily driver comfort as well as high-performance handling and cornering.

6-speed manual or available automatic transmission with steering wheel-mounted paddle shift controls.

THE CTS-V WAGON

A natural extension of both the V-Series and CTS portfolio, the CTS-V Wagon offers performance thrills to drivers who also need the versatility of a sport wagon. This is a vehicle with huge power and torque. It takes all the traits of the CTS-V Sedan and adds a cargo-ready body style. This wagon is pure V, including the 556hp supercharged V8, dual-mode Magnetic Ride Control, Brembo® brakes, 19" wheels and Michelin® Pilot® Sport PS2™ tires, and an asymmetrical half-shaft to help avoid traction loss.

Available December 2010.

ABOUT YOUR CADILLAC

SAFETY INFORMATION

Passenger safety is a primary consideration throughout the engineering process. All CTS models are carefully designed to provide a host of features to help you avoid accidents in the first place, and to help protect you if an impact does occur.

StabiliTrak By comparing driver steering input with vehicle response, the Electronic Stability Control System helps you maintain control by applying ABS brakes to any wheel that begins to slip, and adjusting power to help correct steering.

Tire Pressure Monitor A sensor in each tire constantly monitors air pressure¹. Should there be a drop in pressure, you will receive an alert via the Driver Information Center.

Strong Unit Body A strategically engineered structure surrounds you. Front and rear crush zones help absorb impact forces, and a comprehensive use of high-strength steel helps channel energy away

from the passenger compartment in the event of an impact.

Six Airbags² Dual-stage frontal airbags and seat-mounted side airbags for the driver and front passenger. Head-curtain, side-impact airbags mounted at the roof rail help protect both front and outboard rear passengers in the event of a side impact.

OnStar³ Automatic Crash Response In a crash, built-in sensors in your vehicle can automatically send an alert to OnStar. An OnStar Advisor is immediately connected to your vehicle to see if you're okay. Even if you don't respond, the Advisor can use GPS technology to locate you and request that emergency help be sent right away.

LUXURY COVERAGE AND OWNER PRIVILEGES

Cadillac offers world-class coverage with the Cadillac 5-Year/100,000-Mile Transferable Powertrain Limited Warranty with no deductible plus Roadside Assistance and Courtesy Transportation. Whichever comes first – see dealer for details.

Owner Privileges By driving a CTS, you're part of a select group that enjoys special privileges, like the new Cadillac Owner Center, a one-stop resource to enhance your Cadillac ownership experience. Powered by Yahoo!, the Owner Center includes online service reminders, special offers, an online Owner's Manual and more. Members can also store their service records in one place online and have the opportunity to connect with other Cadillac owners. Enroll for these benefits at cadillac.com/owners. Owner Privileges also include 24-hour Roadside Assistance (1-800-882-1112). Free roadside services include jump starts, towing, lockouts, emergency fuel delivery and flat tire change or Tire Inflator Kit Service (as equipped). And if your trip is interrupted

due to vehicle failure, reasonable expenses may be reimbursed during the 5-Year/100,000-Mile Roadside Coverage period with Trip Interruption Protection. Your vehicle is also covered by the GM Bumper-to-Bumper limited warranty.

Courtesy Transportation is also available whenever your vehicle is in for warranted repairs. Cadillac Roadside Assistance and Courtesy Transportation Programs are in effect for the first 60 months or 100,000 miles of ownership, whichever comes first. See your dealer for complete details, terms and conditions of these programs, and the GM limited warranty.

¹ If equipped, does not apply to spare tire.
² Always use safety belts and the correct child restraint for your child's age and size, even in vehicles with airbags. Even in vehicles equipped with Passenger Sensing System, children are safer when properly secured in the rear seat, in an appropriate infant, child or booster seat. Never place a rear-facing infant restraint in the front seat of any vehicle equipped with an active frontal airbag. See the vehicle Owner's Manual and child safety seat instructions for more safety information.
³ Visit onstar.com for coverage map, details and system limitations.

CTS FEATURES AND OPTIONS

LUXURY COLLECTION ¹ Includes all standard features plus:	PERFORMANCE COLLECTION Includes all standard features plus:	PREMIUM COLLECTION ⁵ Includes all standard features plus:

Standard Interior Features

Airbags¹⁰

Driver and front passenger front-impact; Passenger Sensing System; driver and front passenger seat-mounted side-impact for thorax and pelvic protection; first/second-row outboard head-curtain side-impact airbags

Audio System

AM/FM stereo, single-slot CD player with 8-speaker Bose® sound system, MP3 player, and Radio Data System (RDS)²

Climate Control

Dual-zone automatic electronic climate control with individual settings for driver and front passenger; outboard outlets adjustable for additional side-window defogging; electronic rear-window defogger

Console

Front center floor console with shifter, integral armrest, storage and cupholders

Door Locks

Power-programmable automatic locks with central locking and rear-door child safety locks; remote keyless entry with illuminated system, lock, unlock, and panic functions, includes two transmitters

Driver Information Center

Driver information and vehicle status readout

Mirror

Automatic-dimming rearview mirror with OnStar controls

OnStar¹¹

Standard one-year Directions & Connections Plan

Safety Belts

Lap and shoulder belts for all positions with belt-to-seat mounting and pretensioners for driver and front passenger

Seating

5-passenger; front bucket leatherette seats with 8-way power adjuster/recliner, driver's seat; fixed-back rear seat with armrest pass-through to trunk for CTS Sport Sedan, fold-flat split rear seats for CTS Sport Wagon

Steering Column

Manual-tilt wheel, telescoping

Steering Wheel

Leather-trimmed, tilt wheel-adjustable with fingertip controls for sound system, climate control system, traction control, phone call end and available navigation repeat

Theft-Deterrent System

PASS-Key III+ immobilizer

XM Radio¹²

With three trial months

Available CTS Options

Engine Block Heater

Double Cross Bows

(CTS Sport Wagon only)

UltraView Sunroof

Power, tilt-sliding, electric with express-open, and power sunshade

Tire, Compact Spare

Replaces standard inflator kit

1 3.0L V6 only. **2** RDS only functions where stations broadcast RDS information. **3** Go to gm.com/bluetooth to find out which Bluetooth phones are compatible with this vehicle. **4** Map coverage available in the United States, U.S. Virgin Islands, Puerto Rico, and Canada. **5** 3.6L V6 only. **6** Not available with 19" All-Season Tire Performance Package. **7** Summer-only tires tend to wear faster and are more susceptible to damage from road hazards or curb impact than standard profile tires. This type of damage is not covered by the GM New Vehicle Limited Warranty. You may want to get different tires if you expect to drive in winter conditions. See your dealer for proper tire selection. **8** Not available with 19" Summer Tire Performance Package. **9** Servotronic is a registered trademark of ZF Lenksysteme GmbH. **10** Always use safety belts and the correct child restraint for your child's age and size, even in vehicles with airbags. Even in vehicles equipped with Passenger Sensing System, children are safer when properly secured in the rear seat, in an appropriate infant, child or booster seat. Never place a rear-facing infant restraint in the front seat of any vehicle equipped with an active frontal airbag. See the vehicle Owner's Manual and child safety seat instructions for more safety information. **11** Visit onstar.com for coverage map, details and system limitations. **12** Requires a subscription sold separately by XM after trial period. Available only in the 48 contiguous United States and District of Columbia. Visit gm.xmradio.com for details.

About this catalog

We have tried to make this catalog comprehensive and factual. We reserve the right, however, to make changes at any time, without notice, in prices, colors, materials, equipment, specifications, models and availability. Specifications, dimensions, measurements, ratings and other numbers in this catalog and other printed materials provided at the dealership or affixed to vehicles are approximates based upon design and engineering drawings and prototypes and laboratory tests. Your vehicle may differ due to variations in manufacture and equipment. Since some information may have been updated since the time of printing (08/10), please check with your Cadillac dealer for complete details. Any variations in colors shown are due to reproduction variation in the printing process.

Cadillac reserves the right to lengthen or shorten the model year for any product for any reason, or start and end model years at different times.

Note: Some photographs in this catalog show vehicles with optional equipment.

OnStar

OnStar services require vehicle electrical system (including battery), wireless service and GPS satellite signals to be available and operating for features to function properly. OnStar acts as a link to existing emergency service providers. Subscription Service Agreement required. Call 1-888-4ONSTAR (466-7827) or visit onstar.com for OnStar's Terms and Conditions, Privacy Policy and details and system limitations.

Engines

Cadillac products are equipped with engines produced by GM Power-train or suppliers to GM worldwide. The engines in Cadillac products may also be used in other GM makes or models.

Tire Sealant and Compressor Kit

Unless you option into a spare tire, there is no jack or spare tire in this vehicle. If you do not option into the spare tire, your vehicle has a tire sealant and compressor kit that uses a liquid tire sealant to temporarily seal up to a ¼-inch puncture in the tread area of the tire. After using the inflator kit, it is recommended to take the tire to an authorized dealer for inspection and repair as soon as possible but at least within 100 miles of driving. The tire sealant cannot seal and inflate sidewall damage, punctures larger than ¼ inch, or a tire that has unseated from the wheel. The sealant can only be used on one tire one time before its expiration date.

Assembly

Cadillac vehicles and their components are assembled or produced by different operating units of General Motors, its subsidiaries or suppliers to GM worldwide. We sometimes find it necessary to produce Cadillac vehicles with different or differently sourced

components than originally scheduled. Since some options may be unavailable when your vehicle is assembled, we suggest that you verify that your vehicle includes the equipment you ordered or, if there are changes, that they are acceptable to you.

Updated Service Information

Cadillac dealers receive useful service bulletins about Cadillac products. You may purchase them from Helm Incorporated by calling 1-800-551-4123 or by visiting www.helminc.com.

New-Vehicle Limited Warranty

World-class coverage comes standard on every 2011 Cadillac. This warranty is for Cadillac vehicles registered in the U.S.A. See your Cadillac dealer for terms and conditions.

Covered for 5 Years/100,000 Miles (Whichever Comes First):

Powertrain Limited Warranty with no deductible
Roadside Assistance Program¹
Courtesy Transportation Program¹

Covered for 4 Years/50,000 Miles (Whichever Comes First):

Bumper-to-Bumper coverage
Tires – Defects in material and workmanship
Repairs made to correct any vehicle defect
Corrosion on body sheet metal panels

Rust Through Protection

Cadillac vehicles are designed and built to resist corrosion and rust-through corrosion. Any body sheet metal that rusts through (in the form of an actual hole in the sheet metal) is covered for six years unlimited mileage. Cosmetic or surface corrosion, resulting from stone chips or scratches in the paint, for example, is not included in the Rust Through coverage. Application of additional rust-inhibiting materials is not required under the Rust Through coverage and none is recommended. See your Cadillac dealer for terms of this limited warranty.

Fleet Orders

Some standard content may be deleted with fleet orders. See dealer for details.

¹ Roadside Assistance Program and Courtesy Transportation Program are not a part of the New Vehicle Limited Warranty. A separate booklet entitled "Warranty and Owner Assistance Information" furnished with each new vehicle provides detailed warranty coverage information.
