DEPEND ON CHEVY

FOR AWARD-WINNING VALUE

Somewhere in America, the day is beginning for millions of people who depend on a truck. At Chevrolet, we're proud to build commercial vehicles as dependable, hardworking and versatile as you are. Citing "lowest ownership costs," *Vincentric* named the 2012 Chevy Silverado HD and Express Van the "Best Fleet Values in America."^{1,2} All across this land, you'll see Chevy trucks carrying the weight, building the bridges and working the family farms. Day in, day out, these are the award-winning trucks you can depend on.

Left to right: Silverado 3500HD Chassis Cab shown in Summit White with aftermarket dump body, Express 3500 Commercial Cutaway shown in Summit White with available features and aftermarket cube body, Silverado 3500HD Dually Crew Cab 4x4 shown in Silver Ice Metallic with available features and dealer-installed Chevy Accessories, and Express 1500 Cargo Van shown in Summit White with available features and dealer-installed Chevy Accessories.

¹ Based on the Vincentric 2012 U.S. awards analysis results for the Silverado 2500HD LT Reg. Cab 2WD in the Full-Size Pickup, 3/4-ton segment. ² Based on the Vincentric 2012 U.S. awards analysis results for the Express Cargo G1500 SWB in the Full-Size Cargo Van, 1/2-ton segment, and Express G1500 SWB in the Full-Size Passenger Van, 1/2-ton segment.

NOTE: The Silverado 3500HD Chassis Cab and Express 3500 Commercial Cutaway on this page, as well as many of the vehicles found throughout this catalog, have been altered or modified with equipment from independent suppliers. Chevrolet is not responsible for the safety or quality of design features, materials or workmanship of any alterations by such suppliers. See the last page for information about alterations and warranties.

THE RIGHT TRUCK FOR EVERY JOB

SILVERADO DRIVES COSTS DOWN

SILVERADO 1500

A commercial truck pays you back over time by staying on the road and getting the job done. "Silverado delivers the lowest cost of ownership of any full-size pickup,"¹ say the experts at *Vincentric*. The hardworking 2013 Silverado 1500 offers an available Vortec 6.2L V8 that generates 403 horses and 417 lb.-ft. of torque.

Extended Cab models with the available MAX Trailering Pack will tow up to 10,700 lbs.² Or haul up to 1,908 lbs. of payload.³ And Silverado offers V8 fuel economy that's unsurpassed in its class.⁴ Silverado — the most dependable, longest-lasting full-size pickups on the road.⁵ And that's the bottom line.

¹Based on Vincentric 2012 Model Level Analysis of 1/2-ton pickups in retail market. ²Maximum trailer weight ratings are calculated assuming a base vehicle, except for any option(s) necessary to achieve the rating, plus driver. The weight of other optional equipment, passengers and cargo will reduce the maximum trailer weight your vehicle can tow. See your Chevy dealer for additional details. ³Maximum payload capacity includes weight of driver, passengers, optional equipment and cargo. ⁴Based on GM Large Pickup segment and EPA-estimated 15 MPG city/21 highway for Silverado with available 5.3L V8 engine when running on gasoline. ⁵Dependability based on longevity: 1981–July 2011 full-size pickup registrations.

SILVERADO 1500 HAS THE “LOWEST OWNERSHIP COST OF ANY FULL-SIZE PICKUP”¹ – VINCENTRIC.COM

OUR MOST POWERFUL HEAVY DUTY YET

Silverado 3500HD Dually Regular Cab
Long Box LT shown in Blue Granite Metallic
with available features.

SILVERADO 2500HD AND 3500HD, CONTINUING THE LOWEST COST OF OWNERSHIP

Silverado HD not only delivers on the toughest tasks. According to *Vincentric*,¹ it also delivers the lowest cost of ownership of any full-size pickup. And Chevy packs even more muscle into Silverado HD, making it our most powerful heavy duty yet. The available, proven Duramax 6.6L Turbo-Diesel V8 engine and renowned Allison[®] transmission deliver 397 horsepower and 765 lb.-ft. of torque, providing towing capabilities up to 23,100 lbs.² The Vortec 6.0L V8 gas engine with Variable Valve Timing (VVT) offers up to 360 horsepower³ and 380 lb.-ft. of torque, and it's paired with a Hydra-Matic 6-speed automatic transmission. Three cab configurations, two box lengths, two drive types – 2WD and 4x4 – and both single and dual rear wheel options add up to 24 cab/box/drive/rear wheel combinations. With a high-strength, fully boxed steel frame that handles payloads up to 7,222 lbs.,⁴ this is the strongest Silverado HD ever.

AVAILABLE DURAMAX DIESEL POWER

The proven 397-horsepower Duramax 6.6L Turbo-Diesel V8 is teamed with the renowned Allison 6-speed automatic transmission.

¹ Based on Vincentric 2012 Model Level Analysis of 3/4-ton and 1-ton pickups in retail market. ² Requires available diesel engine, fifth-wheel hitch and Regular Cab model. Maximum trailer weight ratings are calculated assuming a base vehicle, except for any option(s) necessary to achieve the rating, plus driver. The weight of other optional equipment, passengers and cargo will reduce the maximum trailer weight your vehicle can tow. See your Chevy dealer for additional details. ³ 322 horsepower on 3500HD and Box Delete models. ⁴ Requires Regular Cab model and gas engine. Maximum payload capacity includes weight of driver, passengers, optional equipment and cargo. ⁵ E85 is a combination of 85% ethanol and 15% gasoline. Go to chevy.com/biofuels to see if there is an E85 fuel station near you. FlexFuel capability is not available when Pickup Box Delete is ordered. ⁶ 322 horsepower @ 4400 rpm for Box Delete and incomplete vehicles. ⁷ 2500HD models only. ⁸ Requires available Allison 1000 Series 6-speed automatic transmission. ⁹ Requires Vortec 6.0L V8 engine. ¹⁰ Requires available Duramax 6.6L Turbo-Diesel V8 engine. ¹¹ Requires available Snow Plow Prep Package and Duramax 6.6L Turbo-Diesel V8 engine. ¹² Requires Vortec 6.0L V8 engine and available Snow Plow Prep Package.

INDUSTRIAL STRENGTH

SILVERADO 2500HD AND 3500HD

There's no quitting time for an industrial-strength tool. Silverado HD Work Truck runs as hard and as long as you do. With a high-strength steel frame and wide rear leaf springs, Silverado 3500HD can handle up to 7,222 lbs. of payload.¹ The fully boxed frame is 30 times torsionally stronger than a Ford Super Duty.

¹ Requires Regular Cab model and gas engine. Maximum payload capacity includes weight of driver, passengers, optional equipment and cargo. Cargo and load capacity limited by weight and distribution. ² Monthly rates apply. Visit autonetmobile.com for details and coverage map.

WI-FI BY AUTONET MOBILE

Equip an HD with the available dealer-installed Chevrolet Wi-Fi by Autonet Mobile² and every job site is a hot spot. It pays, literally, to have the right truck on the job.

Silverado 2500HD Regular Cab Long Box WT 4x4 shown in Summit White with available features.

STABILITRAK ELECTRONIC STABILITY CONTROL SYSTEM

Standard on single rear wheel models, StabiliTrak® improves vehicle stability, particularly during emergency maneuvers. StabiliTrak automatically intervenes when it senses loss of lateral traction.

TRAILER SWAY CONTROL

Working in conjunction with the StabiliTrak Electronic Stability Control System and Integrated Trailer Brake Control (if equipped), Trailer Sway Control (single rear wheel models) senses trailer sway and automatically applies the truck and trailer brakes and reduces engine power.

HILL START ASSIST

On inclines greater than a 5% grade, Hill Start Assist (single rear wheel models) automatically engages to hold the truck stationary for about a second, allowing the driver time to press the accelerator pedal before the truck can roll backward.

EXHAUST BRAKE SYSTEM

The diesel exhaust brake system on the available Duramax 6.6L Turbo-Diesel V8 engine works in conjunction with the Tow/Haul mode and auto grade braking. After adjusting for the load and grade, a variable vane geometry turbo creates back pressure to slow down the vehicle.

DEALER

BI-FUEL GAS OPTION

Continuing a commitment to cleaner, more efficient vehicles, Chevrolet is offering fleet and retail customers the new “bi-fuel” factory option on Silverado 2500HD Extended Cab models. The bi-fuel Silverado 2500HD has a specially designed Vortec 6.0L V8 engine and will be available in Standard and Long Box, with either 2-wheel or 4-wheel drive. It allows Silverado 2500HD to seamlessly switch between traditional gasoline and compressed natural gas (CNG) and provides a total range of more than 650 miles¹ without sacrificing the power or performance that have made the truck line legendary. The bi-fuel Silverado has a comprehensive 100,000-mile/5-year transferable Powertrain Limited Warranty²

¹ Estimated range based on GM testing and maximum tank capacity. Your range may be less.

² Whichever comes first. See dealer for details.

SNOW PLOW PREP PACKAGE

Every HD 4x4 model can easily accommodate a snow plow with the available Snow Plow Prep Package, thanks to massive forged and precision-machined upper control arms and a Front Gross Axle Weight Rating of up to 6,000 lbs.

WORKS AS HARD AS YOU DO

Silverado 3500HD Chassis Cab shown in Silver Ice Metallic with a service body from an independent supplier.

SILVERADO 3500HD CHASSIS CAB

A sturdy, dependable base. Deep down, nothing's more important in an upfitted vehicle. With Gross Vehicle Weight Ratings up to 13,200 lbs., Silverado Chassis Cab is the platform to build on. Two engine choices supply the power you expect – the standard Vortec 6.0L V8 and the available Duramax 6.6L Turbo-Diesel V8 that offers best-in-class HD Chassis Cab horsepower and torque. Heavy-duty automatic transmission options include the Hydra-Matic 6-speed paired with the Vortec V8 and the rugged Allison 1000 Series 6-speed mated to the Duramax Diesel. Standard features include auto grade braking, 4-wheel disc brakes with ABS and Dynamic Rear Proportioning. Whatever you build onto your truck, you want Chevy at the heart of it all.

POWER TAKEOFF (PTO) CAPABILITY⁶

PTO capability allows HD Chassis Cab, with the available Duramax 6.6L Turbo-Diesel V8 engine, to power auxiliary equipment like a dump body or hydraulic motors for generators and tools. This feature runs off the available Allison 1000 Series 6-speed automatic transmission.

¹ Requires Vortec 6.0L V8 engine. ² Requires available Duramax 6.6L Turbo-Diesel V8 engine. ³ Work Truck only. ⁴ Requires available Snow Plow Prep Package and Duramax 6.6L Turbo-Diesel V8 engine. ⁵ Requires Vortec 6.0L V8 engine and available Snow Plow Prep Package. ⁶ Additional equipment is required for PTO installation by an independent supplier. The provisions for PTO include an instrument panel switch, an electrical interface and an internal PTO gear in the transmission.

IT MEANS BUSINESS

CAPTIVA SPORT COMPACT CROSSOVER

The best fleet vehicles hold up better and stay in service longer. They also meet all the demands your job throws at you – plus the ones that haven't popped up yet. Captiva Sport is a contemporary 5-passenger crossover featuring versatility, roominess and efficiency, plus the power of an ECOTEC 2.4L 4-cylinder engine with a 6-speed automatic transmission.

StabiliTrak Electronic Stability Control System and Traction Control are standard. The 2013 Captiva Sport line includes LS, LT and uplevel LTZ versions. The LTZ has a rear vision camera, leather-appointed and heated front seats, 10-speaker sound system and sunroof. Available only for fleet customers.

Captiva Sport LS shown in Arctic Ice.

REPORTING FOR DUTY

TAHOE IS BIG – SUBURBAN IS BIGGER

These two have the room, power and capability few vehicles can match. Tahoe is available with Police and Special Service packages for standard patrol, hazmat, K-9, medical first responder or tactical operations. Both Tahoe and Suburban are available with a fleet package for other applications. Then there's Tahoe Hybrid! It's the most fuel-efficient full-size SUV in America.² The iconic Chevy Suburban is in a class by itself with available seating for up to nine and more cargo room than any competitor.

Tahoe shown with available Police Package, aluminum wheels and aftermarket equipment.

TAHOE SPECIAL SERVICE VEHICLE

The Vortec 5.3L V8 engine is E85 FlexFuel-capable.³ Paired with a standard 6-speed automatic transmission, it allows Tahoe to tow up to 8,200 lbs.⁴ Electric Trailer Sway Control and Hill Start Assist are standard.

¹ Available at participating dealers. ² EPA-estimated 20 MPG city/23 highway. Based on GM Large Utility segment. ³ E85 is a combination of 85% ethanol and 15% gasoline. Go to chevy.com/biofuels to see if there is an E85 fuel station near you. When running on E85, Tahoe offers an EPA-estimated 11 MPG city/16 highway. ⁴ Maximum trailer weight ratings are calculated assuming a base vehicle, except for any option(s) necessary to achieve the rating, plus driver. The weight of other optional equipment, passengers and cargo will reduce the maximum trailer weight your vehicle can tow. See your Chevy dealer for additional details.

CHEVY EXPRESS

YOUR DEPENDABLE BUSINESS PARTNER

Vincentric has honored Chevy Express for delivering “the lowest cost of ownership of any full-size van for 5 years running.”¹ And a wide selection of models makes it the right choice for your commercial transport needs.

Left to right: Express 3500 Commercial Cutaway shown in Summit White with available features and an aftermarket cube body; Express 1500 Cargo Van shown in Summit White with available features and aftermarket accessories; Express 3500 Extended Wheelbase Passenger Van shown in Sheer Silver Metallic.

¹ Based on Vincentric 2012 Model Level Analysis. ² Maximum payload capacity includes weight of driver, passengers, optional equipment and cargo. Higher payloads (where available) require optional equipment. ³ Cargo and load capacity limited by weight and distribution. ⁴ On vehicles weighing less than 10,000 lbs. ⁵ With all rear passenger seats removed.

THE BEST POWERTRAIN CHOICES OF ANY FULL-SIZE VAN

EXPRESS CARGO VAN 1500, 2500 AND 3500

It isn't just a van, it's how you work. And you work with the right tools for the job. That's why Express Cargo Van offers an unmatched selection of engines, ranging from the fuel-conscious Vortec 4.3L V6 with an EPA-estimated 20 MPG highway to an extensive lineup of Vortec V8 powerplants — all the way up to the Duramax 6.6L

Turbo-Diesel V8, the most powerful diesel in its class. A standard Hydra-Matic 6-speed automatic transmission on 2500 and 3500 models includes Tap-Up/Tap-Down Driver Shift Control and auto grade braking. When you're ready to get down to business, get a Chevy Express.

Express Cargo Van 1500 AWD shown in Summit White with available features.

CHEVY EXPRESS CARGO VANS

Cargo Vans offer a variety of fuel options. Choose from models powered by gasoline, diesel (with the available Duramax Turbo-Diesel V8) or compressed natural gas (CNG). The available Vortec 4.8L, 5.3L and 6.0L engines can operate on either regular unleaded gasoline, E85¹ – a blend of 85% ethanol and 15% gasoline – or a combination of both. See chevy.com for more information.

AVAILABLE ACCESS PACKAGES

These packages offer easy interior access to tools and cargo. Each includes three exterior, remote-release, side-access panels that can be opened by Remote Keyless Entry. Not available with optional driver-side 60/40 swing-out doors or sliding passenger-side door.

NEW COMPRESSED NATURAL GAS (CNG) OPTION ON EXPRESS

Express 2500 and 3500 Cargo Vans with the CNG option are available with a 3-tank or 4-tank system. The 3-tank system provides a range of up to approximately 200 miles,⁹ while the 4-tank system provides a range of up to 300 miles.⁹ GM is the only manufacturer with a fully integrated CNG option for vans and offers a 5-year/100,000-mile transferable Powertrain Limited Warranty¹⁰ on Express Cargo Vans with CNG.

PROTECTED AND CONNECTED. With OnStar,^{®8} experience the safe, simple way to stay connected on the road.

OnStar is now standard on all Passenger Van models – available on Cargo Van and Commercial Cutaway – with the Directions & Connections[®] Plan for the first six months.

¹ E85 is a combination of 85% ethanol and 15% gasoline. Go to chevy.com/biofuels to see if there is an E85 fuel station near you. ² Requires available Vortec 5.3L V8 engine. ³ Standard with Vortec 4.3L V6 engine. ⁴ Standard with Duramax 6.6L Turbo-Diesel V8 engine. ⁵ Requires available Duramax 6.6L Turbo-Diesel V8 engine and air conditioning. ⁶ Cold-cranking amps. ⁷ Duramax 6.6L Turbo-Diesel V8 engine comes with standard dual 770-cca batteries. ⁸ Visit onstar.com for coverage map, details and system limitations. Services vary by model and conditions. ⁹ Estimated range based on GM testing and maximum tank capacity. Your range may be less. ¹⁰ Whichever comes first. See dealer for details.

SAFETY DRIVES US

CHEVY EXPRESS

When you're transporting people for a living, safety is paramount. The Chevy Express Passenger Van offers standard safety features such as head-curtain side-impact air bags,¹ the StabiliTrak Electronic Stability Control System, a Tire Pressure Monitoring System (except spare tire) and antilock brakes. Enhanced Technology Glass (ETG)² for a quiet ride is standard on 12- and 15-passenger models. And you can easily tailor the Express Van to your exact needs with a choice of 8-, 12- and 15-passenger seating configurations, depending on model.

¹ Always use safety belts and the correct restraint for your child's age and size. Even in vehicles equipped with the Passenger Sensing System, children are safer when properly secured in a rear seat in the appropriate infant, child or booster seat. Never place a rear-facing infant restraint in the front seat of any vehicle equipped with a passenger air bag. See the Owner's Manual and the child safety seat instructions for more safety information. ² ETG is part of the overall occupant protection system on Passenger Vans. ETG may help keep passengers sitting next to these windows from being ejected through the glass in some, but not all, crashes. Even with this glass, safety belts must be worn at all times. For Passenger Vans, use only ETG glass approved for your vehicle for replacement when damaged. Standard with Duramax 6.6L Turbo-Diesel V8.

REAR VISION CAMERA AND REAR PARK ASSIST

An available integral rear vision camera and Rear Park Assist help you detect certain stationary objects located behind the vehicle when traveling in reverse at low speeds.

MOBILITY VEHICLES

We want to make it easy and safe for people with special needs (and those who care for them) to travel. Express provides abundant interior space and accessibility that wheelchair and scooter users appreciate. Express is a practical choice for mobility and paratransit conversions. It's designed to allow easy installation of adaptive equipment and mobility accessories like wheelchair lifts, ramps, running boards and driver aids, available from independent aftermarket suppliers.³

¹ E85 is a combination of 85% ethanol and 15% gasoline. Go to chevy.com/biofuels to see if there is an E85 fuel station near you. ² Requires available rear air conditioning. Standard on LT trim level. ³ GM is not responsible for the safety or quality of design features, materials or workmanship of any alterations by such a supplier.

EXPRESS 3500 AND 4500 CUTAWAY

Express Commercial Cutaways are built on a proven foundation with a full-length, ladder-type frame designed for upfitting. Three wheelbases are available: 139-inch, 159-inch and 177-inch. Vortec V8 power is standard, along with a Hydra-Matic 6-speed automatic transmission that includes auto grade braking and Tow/Haul mode. The available Duramax 6.6L Turbo-Diesel V8 is the most powerful diesel in its class. The Express Commercial Cutaway is designed to meet many requirements – every one of which starts with the power, strength and dependability of a proven Chevrolet chassis.

¹ Maximum trailer weight ratings are calculated assuming a base vehicle, except for any option(s) necessary to achieve the rating, plus driver. The weight of other optional equipment, passengers and cargo will reduce the maximum trailer weight your vehicle can tow. See your Chevy dealer for additional details. ² Gross Combination Weight Rating.

SILVERADO 1500 FIFTH-WHEEL TRAILER WEIGHT RATINGS¹

Fifth-wheel trailering with a Silverado 1500 requires Z85 Handling/Trailering suspension or Z71 Off-Road suspension. Please read the Trailering Basics on the next page before towing a trailer with any Chevy truck.

ENGINE	AXLE RATIO	GCWR ²	REGULAR CAB			EXTENDED CAB			
			LONG BOX 2WD	STANDARD BOX 4x4	LONG BOX 4x4	STANDARD BOX 2WD	LONG BOX 2WD	STANDARD BOX 4x4	LONG BOX 4x4
Vortec 5.3L V8 with Heavy-Duty Cooling Package	3.42	15,000	8,900	-	9,700	9,400	9,000	9,600	8,100
	3.42	14,000	-	8,200	-	-	-	-	-
Vortec 6.2L V8 with MAX Trailering Pack	3.73	16,000	-	-	-	10,600	-	10,300	-
Vortec 6.2L V8	3.42	15,000	-	-	-	9,400	-	9,100	-

Notes on Silverado 1500: Trailer tongue weight should be 10% to 15% of total loaded trailer weight. Trailer kingpin weight should be 15% to 25% of total loaded trailer weight. Addition of trailer tongue weight/trailer kingpin weight cannot cause vehicle weights to exceed Rear Gross Axle Weight Rating (RGAWR) or Gross Vehicle Weight Rating (GVWR). These ratings can be found on the certification label located on the driver door or doorframe. Fifth-wheel hitch is available as a dealer-installed accessory on select models. See the Trailering Basics for more trailering information.

SILVERADO 2500HD AND 3500HD FIFTH-WHEEL/GOOSENECK TRAILER WEIGHT RATINGS¹

	3.73	30,500	-	-	-	-	22,800	-	-	-	-	22,500

Notes on Silverado HD: Trailer tongue weight should be 10% to 15% of total loaded trailer weight. Trailer kingpin weight should be 15% to 25% of total loaded trailer weight. Addition of trailer tongue weight/trailer kingpin weight cannot cause vehicle weights to exceed Rear Gross Axle Weight Rating (RGAWR) or Gross Vehicle Weight Rating (GVWR). These ratings can be found on the certification label located on the driver door or doorframe. Fifth-wheel hitch is available as a dealer-installed accessory on select models. See the Trailering Basics for more trailering information.

¹ Maximum trailer weight ratings are calculated assuming a base vehicle, except for any option(s) necessary to achieve the rating, plus driver. The weight of other optional equipment, passengers and cargo will reduce the maximum trailer weight your vehicle can tow. See your Chevy dealer for additional details. ² Gross Combination Weight Rating.

TAHOE/SUBURBAN TRAILER WEIGHT RATINGS¹

ENGINE	AXLE RATIO	GCWR ²	TAHOE 2WD	TAHOE HYBRID 2WD	SUBURBAN 2WD	SUBURBAN 3/4-TON 2WD	TAHOE 4WD	TAHOE HYBRID 4WD	SUBURBAN 4WD	SUBURBAN 3/4-TON 4WD

Vortec 6.0L V8	3.42	16,000	-	-	9,800	9,700	9,300
Duramax 6.6L Turbo-Diesel V8	3.54	17,000	-	-	-	10,000	9,700

This chart lists trailer weight ratings for trailering with a weight-distributing hitch. When using a weight-carrying hitch, the maximum trailer weight is 4,000 lbs. with a 400-lb. tongue weight. A weight-distributing hitch and sway control is required for trailer weights greater than 4,000 lbs.

Notes on Express: Trailer tongue weight should be 10% to 15% of total loaded trailer weight (up to 1,000 lbs.). Addition of trailer tongue weight cannot cause vehicle weights to exceed Rear Gross Axle Weight Rating (RGAWR) or Gross Vehicle Weight Rating (GVWR). The standard base cooling system includes all content required to attain maximum trailer weight rating. No optional cooling equipment is available. The Heavy-Duty Trailing Equipment Package (Z82) includes trailer hitch platform and 7-wire trailer wiring harness.

TRAILERING BASICS

Easy and safe trailering requires a properly equipped vehicle, additional trailering equipment and an appropriate trailer. It also requires loading both the vehicle and trailer properly, using safe driving techniques, meeting regional legal requirements, and following break-in and maintenance schedules. The vehicle owner is responsible for obtaining the proper equipment (hitch ball, hitch type of the proper size and capacity) required to safely tow both the trailer and the load that will be towed. Consult your Owner's Manual or speak to a trailering expert at your Chevy dealership for more information.

GOOSENECK/FIFTH-WHEEL TRAILERING

Silverado can be equipped with a fifth-wheel or gooseneck trailer hitch. Follow the manufacturer's directions for installation, but note that the hitch must be attached to the truck frame. Do not use the pickup bed for additional support. For proper kingpin tongue load distribution and control of the trailer, the hitch must be mounted so the kingpin load is placed ahead of the rear axle centerline. Fifth-wheel trailer kingpin loads are higher than conventional trailer tongue loads, so pay careful attention to the truck's payload capacity and rear axle weight ratings. Your Chevy dealer can help you calculate the maximum allowable payload and GVWR required for your fifth-wheel trailering application. The weight of any additional equipment and all passengers must be subtracted from the payload weight to determine the maximum kingpin load available.

¹ Maximum trailer weight ratings are calculated assuming a base vehicle, except for any option(s) necessary to achieve the rating, plus driver. The weight of other optional equipment, passengers and cargo will reduce the maximum trailer weight your vehicle can tow. See your Chevy dealer for additional details. ² Gross Combination Weight Rating.

WARRANTY INFORMATION

100,000-MILE/5-YEAR TRANSFERABLE POWERTRAIN

LIMITED WARRANTY. Every 2013 Chevrolet passenger car, light-duty pickup, SUV and crossover comes with a 100,000-mile/5-year (whichever comes first) transferable Powertrain Limited Warranty. Plus, you get 100,000 miles/5 years (whichever comes first) of the 24/7 Roadside Assistance Program and the Courtesy Transportation Program and much more. See dealer for details.

NEW VEHICLE LIMITED WARRANTY. GM vehicles registered in the USA are covered for 3 years/36,000 miles (whichever comes first). The complete vehicle is covered, including tires, towing to your nearest Chevrolet dealership and cosmetic corrosion resulting from defects. Repairs will be made to correct any vehicle defect, and most warranty repairs will be made at no charge. In addition, rust-through corrosion will be covered for 6 years/100,000 miles (whichever comes first).

SILVERADO HYBRID AND TAHOE HYBRID WARRANTY. In addition to the transferable Chevrolet 36,000-mile/3-year (whichever comes first) New Vehicle Limited Warranty and the 100,000-mile/5-year (whichever comes first) Powertrain Limited Warranty, GM will also warrant certain hybrid components on Silverado Hybrid and Tahoe Hybrid for 100,000 miles/8 years (whichever comes first). No deductibles are associated with the Silverado/Tahoe Hybrid warranty, which is transferable to any subsequent persons assuming ownership of the vehicle during the 100,000-mile/8-year warranty period. See your Chevrolet dealer for details.

CHEVROLET OWNER CENTER (GMOWNERCENTER.COM/CHEVY).

Register your vehicle with the Chevrolet Owner Center and receive benefits such as online access to your vehicle Owner's Manual, maintenance schedule reminders, service history tracking, warranty and service information, safety information, special offers and privileges, and news and events.

IMPORTANT INFORMATION

ENGINES. Chevrolet products are equipped with engines produced by GM Powertrain or other suppliers to GM worldwide. The engines in Chevrolet products may also be used in other GM makes and models.

ASSEMBLY. Chevrolet vehicles and their components are assembled or produced by different operating units of General Motors, its subsidiaries or suppliers to GM worldwide. We sometimes find it necessary to produce Chevrolet vehicles with different or differently sourced components than originally scheduled. Since some options may be unavailable when your vehicle is assembled, we suggest you verify that your vehicle includes the equipment you ordered and that, if there were changes, they are acceptable to you.

AN IMPORTANT NOTE ABOUT ALTERATIONS AND WARRANTIES. Installations or alterations to the original GM-equipped vehicle (or chassis) are not covered by the General Motors New Vehicle Limited Warranty. The special body company, assembler, equipment installer or upfitter is solely responsible for warranties on the body or equipment and any alterations (or any effect of the alterations) to any of the parts, components, systems or assemblies installed by GM. General Motors is not responsible for the safety or quality of design features, materials or workmanship of any alterations by such suppliers.

ONSTAR. OnStar services require vehicle electrical system (including battery), wireless service and GPS satellite signals to be available and operating for features to function properly. OnStar acts as a link to existing emergency service providers. Subscription Service Agreement required. Call 1-888-4ONSTAR (1-888-466-7827) or visit onstar.com for OnStar Terms and Conditions, Privacy Statement, and details and system limitations.

A NOTE ABOUT CHILD SAFETY. Always use safety belts and the correct restraint for your child's age and size. Even in vehicles equipped with the Passenger Sensing System, children are safer when properly secured in a rear seat in the appropriate infant, child or booster seat. Never place a rear-facing infant restraint in the front seat of any vehicle equipped with a passenger air bag. See the Owner's Manual and child safety seat instructions for more information.

IMPORTANT WORDS ABOUT THIS CATALOG. We have tried to make this catalog comprehensive and factual. We reserve the right, however, to make changes at any time, without notice, in prices, colors, materials, equipment, specifications, models and availability. Specifications, dimensions, measurements, ratings and other numbers in this catalog and other printed materials provided at the dealership or affixed to vehicles are approximations based on design and engineering drawings, prototypes and laboratory tests. Your vehicle may differ due to variations in manufacture and equipment. Since some information may have been updated since the time of printing, please check with your Chevrolet dealer for complete details. Chevrolet reserves the right to lengthen or shorten the model year for any product for any reason or to start and end model years at different times. Certain vehicle features may lose their usefulness over time due to obsolescence from technological changes. Unless otherwise noted, all claims based on GM segmentation and latest available competitive information. Excludes other GM vehicles.

SPARE TIRE INFORMATION. There is no standard jack or spare tire in the 2013 Tahoe Hybrid and Commercial Cutaway models. Your vehicle has a tire sealant and compressor kit that uses a liquid tire sealant to temporarily seal up to a one-quarter-inch puncture in the tread area of the tire. After using the tire inflator kit, it is recommended that you take the tire to an authorized retailer for inspection and repair as soon as possible, but at least within 100 miles of driving. The tire sealant cannot seal and inflate sidewall damage, punctures larger than one-quarter inch, or a tire that has unseated from the wheel. The sealant can only be used on one tire and for one time before its expiration date.

TRAILERING AND OFF-ROAD DRIVING INFORMATION. Please go to chevy.com and carefully review an Owner's Manual for important safety information about trailering or off-road driving in your vehicle.

WE'VE GOT YOUR BACK

At Chevrolet, giving you a completely satisfying ownership experience is our top priority. That's why if you ever need assistance, feel free to contact us at these websites or phone numbers.

CHEVY.COM. Offers shopping tools such as Build and Price, Find a Vehicle, Request Info, Email Sign-Up, Compare Vehicles, Financial Tools ... and much more.

GMUPFITTER.COM. Offers nearly everything you need to begin upfitting your Chevy Commercial vehicle, including handling 2-D and 3-D math data; taking hotline questions; and supplying Body Builders Manuals (from 1999 to present), Technical Bulletins and Best Practices Guidelines.

24-HOUR ROADSIDE ASSISTANCE PROGRAM (1-800-CHEV-USA). The Chevrolet Roadside Assistance Program provides you with the following services for 100,000 miles or 5 years (whichever comes first): Emergency Towing (to closest Chevrolet dealer from a legal roadway), Lockout Service (keys locked inside vehicle), Flat Tire Changes (spare installed), Fuel Delivery (\$5 worth of fuel delivered on the road) and Jump Starts (at home or on the road). For specific terms and conditions, please contact your Chevrolet Roadside Assistance advisor at 1-800-243-8872. Some services may incur costs.

COURTESY TRANSPORTATION PROGRAM. Ask your Chevrolet dealer for Courtesy Transportation if you leave your vehicle for extended repairs under the New Vehicle Limited Warranty or Powertrain Limited Warranty. Ask if you qualify for expense reimbursement and/or vehicle rental. Services vary by dealer. Does not apply to Commercial Cutaway Vans.

CHEVROLET CUSTOMER ASSISTANCE CENTER (1-800-222-1020). Talk directly to customer relationship managers who can handle any inquiries related to vehicle operation, warranty coverages, or product or service concerns you may have. Please refer to your Owner's Manual for Customer Assistance information.

CHEVY.COM/SAFETY. Chevrolet is committed to keeping you and your family safe – from the start of your journey to your destination. That's why every Chevrolet is designed with a comprehensive list of safety and security features to help give you peace of mind.

MARKETING AND INCENTIVES (CHEVY.COM/SPECIALOFFERS). Call 1-800-950-CHEV (1-800-950-2438) or visit chevy.com/specialoffers for new product, current incentive and marketing program information.

GMCARDMEMBERSERVICES.COM. Did you know about the family of reward credit cards that can help you get a great deal on a new GM car, light-duty pickup, SUV or crossover? With a GM reward card, you accrue earnings on every credit card purchase to use toward the purchase or lease of an eligible new GM vehicle. With three cards to choose from, you're sure to find one that suits you best.
