NOTE

Bluetooth settings can be found in the SETTINGS app on most smartphones. Refer to your phone's owner's manual or visit GenesisBluetooth.com for more information.

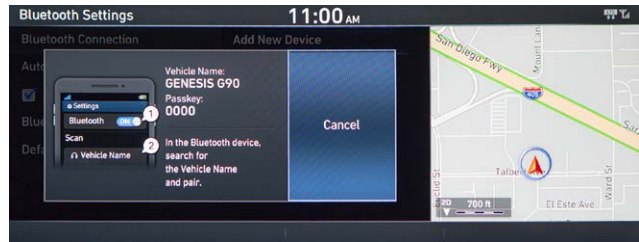

PHONE PAIRING

CONNECTING FOR THE FIRST TIME

2018 GENESIS G90

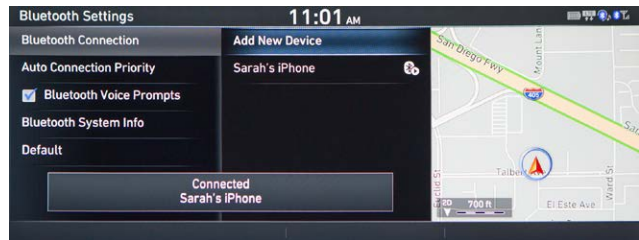

- 5** Turn on your phone's **BLUETOOTH**® and select the device (Genesis G90) found by your phone.

- 6** Your phone may require a **PASSKEY**. If prompted, enter it into your phone.

- 7** The vehicle will confirm that your phone has been successfully connected.

- 8** The vehicle will confirm that your contacts download is complete.

NOTE

If your phone is supported, then your contact list may be transferred to your vehicle automatically. Depending on the phone make and model:

- Some phones may request approval to download contacts; this process will take a few minutes
- Contact list may start with First or Last Name, depending on phone models

BEFORE YOU START

Make sure your phone is connected to your vehicle and your phone contacts have been downloaded to the vehicle. If this has not been done, please follow the instructions on the previous pages.

- 1 Press the **PUSH TO TALK** button on the steering wheel. You will hear a beep.

- 2 After the beep, say the command **"CALL"** followed by the name of the desired contact. Example: **"CALL JOHN SMITH"**

- 3 Select the number you would like to call by saying **"1," "2," "WORK,"** or **"HOME."**

MAKING A CALL

COMMON PHONE VOICE COMMANDS

2018 GENESIS G90

To start voice command, press the **PUSH TO TALK** button on the steering wheel.

HELP provides guidance on commands that can be used within the current function.

Here are a few common voice commands to use after the phone has been paired:

Say **“CALL”** to initiate a call followed by saying the name of the saved contact with whom you wish to speak. For example, **“CALL JOHN SMITH.”**

“DIAL” makes a call by dialing the spoken numbers. For example: **“DIAL 1-800-633-5151.”**

“PHONE” provides guidance on phone-related commands.

“CALL HISTORY” displays the phone’s call history screen.

“CONTACTS” displays the phone’s contacts screen.

NOTE

Compatibility and performance may vary based on your phone, the phone’s software, and your wireless carrier.
