DISCOVER Download the Infiniti Portfolio app for iPad® on the App Store, ${}^{\rm SM}$ and for Android ${}^{\rm TM}$ on the Google Play ${}^{\rm TM}$ Store for an interactive, digitally enhanced experience for each Infiniti model.

Every journey comprises millions of moments, each with the potential to rise above expectations. Reveal them in the Infiniti Q40, where a mesmerizing culmination of power, innovation and dedication wait to ignite your senses. Naturally flowing lines that feel in tune with your instincts—from the wave-formed hood to the iconic taillights—spur a passion to know more. And when you seek it, you unlock a visceral rush from its engine, a tactile warmth from its interior, and an intuitive ease from its technology. It's an experience, personal and unique, designed to reach the height of your desires.

Information Provided by:

PERFORMANCE

It takes only an instant to feel the difference in the Q40. Awaken the 328-hp V6 engine and revel in the seemingly limitless rush of Acceleration Swell, while Intelligent All-Wheel Drive¹ helps maximize both feel and control by delivering rear-drive dynamics with all-wheel drive traction. Intensify the feeling even further by taking control of the 7-speed automatic transmission. The manual shift mode allows you to access the gear of your choice sequentially and is honed to perform smoothly with Downshift Rev Matching. Find your exact moment of exhilaration in every drive.

TECHNOLOGY

Within the vibrant sculpture of the Q40, thoughtful engineering and innovation infuse the drive with ease and clarity. The Infiniti Hard Drive Navigation System puts the focus on you with Birdview[™] perspective, to give you a better sense of where you are, while NavTraffic² and NavWeather² help you know what's ahead.^{1,3} When you arrive, put the car in reverse and the RearView Monitor⁴ will reveal the area directly behind you. In emergency braking situations, the Q40 monitors how you apply brakes and, if necessary, Brake Assist⁵ is employed to help maximize stopping potential. Be surrounded by a commitment to keep you in touch with and in control of your world.

REFINEMENT

Everything you see and sense in the Q40 is designed to feel personal. As you approach, the Infiniti Intelligent Key prepares for your presence by unlocking the door with a touch of a button. Further celebrating the uniqueness of the front passengers is the Dual Zone Automatic Temperature Controls, which allow both to custom-tune their climate. Even the sound you hear is designed to feel intimate. The Infiniti Studio on Wheels® by Bose®1 delivers music from the front through to the back, as in a live performance, for a richness that only you can experience.

GENUINE INFINITI ACCESSORIES

The same exacting standards applied to the creation of an Infiniti vehicle go into designing and manufacturing Genuine Infiniti Accessories. With a wide array of quality products designed to integrate seamlessly, you can be assured of a custom fit and finish.⁶ For more information and to shop online for Genuine Infiniti Accessories, go to parts.InfinitiUSA.com.

ACCESSORIES SHOWN Midnight black grille, LED daytime running lights, front chin spoiler, rear decklid spoiler.

ALL-SEASON FLOOR MATS Protect the floors of your Q40 with these durable floor mats. Made to fit perfectly, sculpted channels help trap excess water, mud, sand and other debris for easier cleanup.

STAINLESS STEEL ILLUMINATED KICK PLATES The Infiniti logo glows softly along the bottom of the doorsills—a signature flourish you and your passenger will appreciate every time you get in.

INTERIOR AMBIENT LIGHTING The warm and engaging glow welcomes you as you get settled. It adds ambiance to the interior and enhances the interior's modern appeal.

SPLASH GUARDS The color-matched splash guards reduce spray on lower body panels, while helping prevent nicks and scratches caused by road debris under most weather conditions.

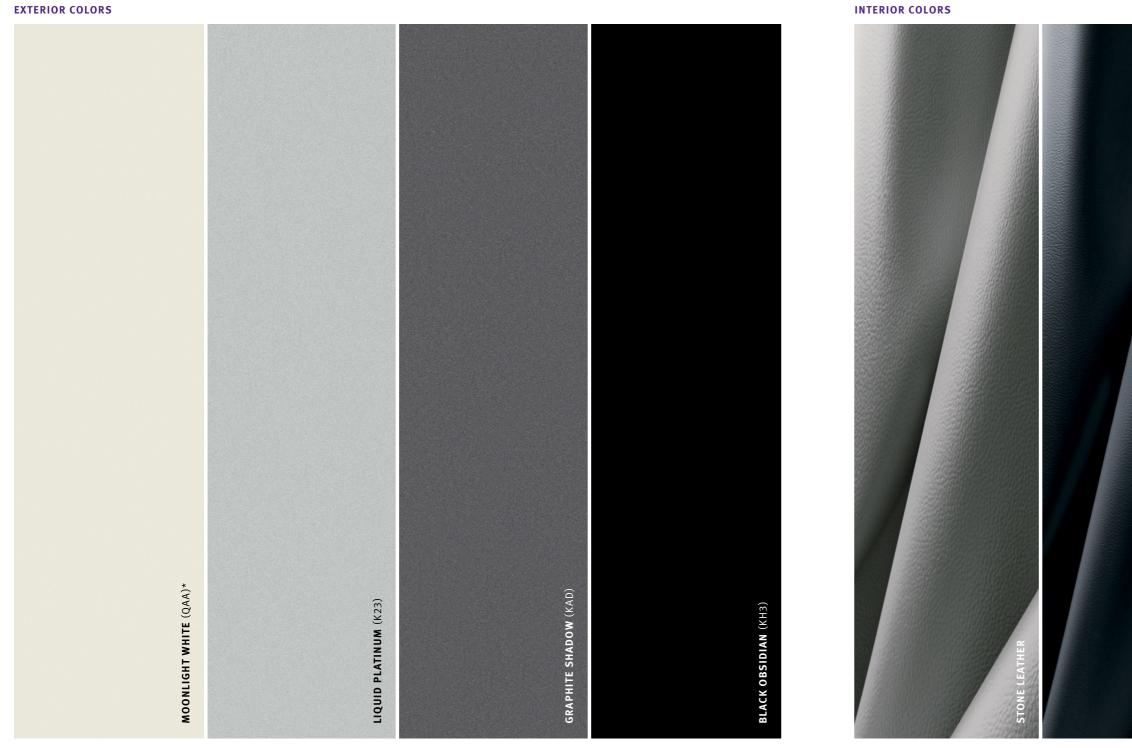

REAR DECKLID SPOILER Custom-designed for perfect fit and factory-matched color, it enhances your vehicle's sporty, aerodynamic appearance.

CARGO ORGANIZER⁷ Collapsible and constructed of durable and flexible material, it helps keep your packages and other items from moving around while driving. Protecting them and your trunk from damage while reducing clutter.

SELECTION

Hues that change in response to light and angle. Matching exterior and interior colors to reflect the distinctive energy and mood of the seasons. These are two ways Infiniti designs color to evoke feeling, express character, and shape the emotional essence of a vehicle.

Infiniti has taken care to ensure that the color swatches presented here are the closest possible representations of actual vehicle colors. Swatches may vary slightly due to the printing processes and whether viewed in daylight, fluorescent or incandescent light. Please see the actual colors and availability at your local Infiniti Retailer.

*Additional cost applies for this color option.

PARTNERS IN THE INTENSE

The pulse races. Seconds split. Victories are won and lost. In Formula One, technology and human ingenuity are pushed to the limit. Yet, success is ultimately a measure of the passion that goes into every invention and is released every lap. This passion has led Infiniti Red Bull Racing to become, in recent years, the most dominant force on track.

Ultimate luxury is more than perfection. It is the feeling of unrestrained joy that unleashes something special in your heart. We at Infiniti believe there are times when reason should take a backseat and emotion-pure and primal-should be the driver. Tangibles play a part, of course: the sensual, flowing lines; the smell of leather; the visceral roar of the engine. Established in 1989, Infiniti has now grown to include sedans, coupes, convertibles, crossovers and SUVs in its lineup and reaches across 50 countries worldwide. Infiniti has generated respect as the provocateur brand in the premium category, with a reputation for defying convention and creating irresistible and provocative automobiles, engineered with obsessive attention to detail. Our passion for ultimate precision, exhilarating performance and that exuberant driving experience is also manifested in the partnership that Infiniti established with Red Bull Racing in 2011. All of which contributes to the feeling that to drive an Infiniti is something special.
