PROGRESS

XKR175

2010 marks the 75th anniversary of the Jaguar name and 75 years of looking forward, creating and building cars that represent technical innovation, design leadership and sporting success.

The exclusive, limited edition XKR175 is an unmistakable celebration of Jaguar's 75th anniversary. Utterly unique and desirable, it increases maximum speed from 155mph to an awe-inspiring 174mph.

Available in one spectacular color combination, Ultimate Black exterior with Warm Charcoal interior, the XKR175 features an aerodynamic pack with a front splitter and a larger rear spoiler, as well as a body colored rear diffuser and side sill extensions. Dramatic red brake calipers and 20" Kasuga wheels add the finishing touches to the exterior of this ultimate XK.

Upon opening the doors, occupants are greeted by unique door sill tread plates identifying the car as '1 of 175' of these limited edition Jaguars. The interior is finished in all black, including Warm Charcoal softgrain leather, Jet headliner and Piano Black veneer. Accenting the interior is Cranberry stitching, which mirrors the flash of red the brake calipers provide to the exterior.

Produced exclusively for North America, the XKR175 is limited to just 175 cars for the United States – truly a fitting edition to celebrate the first sports cars that helped define Jaguar 75 years ago.
